2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Mission Statement

The Trinity High School Community will provide an education modeled on state standards, as well as a safe educational environment, which promotes student self-worth, responsible citizenship and critical thinking skills necessary for productive, meaningful participation in a global society.

VISION

We believe by fostering communication, collaboration, and critical thinking skills, and developing creativity in our students we will close achievement gaps and prepare students for college and/or careers while creating civic-minded individuals.

Principal's Message

The School Accountability Report Card (SARC) provides our community information about our school, its programs, and its progress. It gives general information on student achievement, discipline, academic programs, and available services. Parents and community members are encouraged to visit Trinity High School and participate in school activities, surveys, and committees. If you have any questions about this SARC or would like more information about Trinity High School, please visit our website, call us at (530) 623-6127 or stop by the office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.90	0.10
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	0.90	0.10

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	1.40	1.30
Total Out-of-Field Teachers	1.40	1.30

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	3
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

THS has recently adopted a curriculum procurement and retention process for all curricular materials and practices that will be utilized for ongoing reviews against state standards as to the materials and resources used within the classrooms at THS. In our current standings, students are provided with current textbooks that meet our State and district standards. Textbooks are regularly replaced in accordance with the State textbook adoption cycle.

All State-adopted textbooks are reviewed and selected by the chairperson of each department. The Board of Trustees must approve each book selected.

The high school has been working on implementation of of online texts during the COVID crisis, including some science and CTE (computers). In the next couple of years we will address social science and math.

The Independent Study Program and Credit Recovery classes use FuelEd online and classes based on state-adopted packets. Many classes have also included FuelEd online material.

The district has affirmed that each pupil, including English Learners, have their own textbook, laptop or ChromeBook to use in class and to take home.

Classes offered in the visual and performing arts include drama, photo, music, and art.

School Facility Conditions and Planned Improvements

We take great pride in our grounds, buildings, and facilities. The Trinity Apls unified school district has gone over extensive remodeling due to black mold over the past five years. This process has enabled Trinity alps unified school district a chance to remodel extensively, update the structural integrity of all high school, campus buildings, to install contemporary and up-to-date, restrooms, classrooms, recreational areas, HVAC units, or kitchen, appliances and drains, and to aesthetically give a major facelift to the exterior conditions of our campus.

Some of the exterior conditions have really become a source of joy for our staff members, students, and community. Extensively many steps have been taken to make sure that the exterior is very appealing. New paint, new roof, new concrete, new asphalt, new gates, new, fencing, and new landscaping throughout the campus, has truly beautified the appeal for both our community and students alike. Our staff take great pride in maintaining this beauty and this improved landscape.

Our interiors are found with new paint, new wall, materials, new drywall, new windows, new doors, new up-to-date, safety, measures such as locks and barriers, a new library, new art room, new kitchen, new, cafeteria, new weight room, new gymnasium, a new technology/graphic, design lab, and other renovations on the interiors have truly offered our students and staff the tools to be able to be successful in a modern day technological era with increased safety and accommodations.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	28	15	39	28	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2022-23 Career Technical Education Programs

Trinity High School is committed to providing students with strong behavioral standards and a rigorous academic program that not only prepares students for further education, but also prepares them for the workforce. THS has a very active Career Technical Education Program Advisory Committee that meets regularly to review and strengthen the CTE/ROP Program. Their role is to provide leadership in and promote the development of the CTE/ROP Program as it relates to and meets the needs of the students, the community, and the public. The CTE Committee shall advise the teachers in the program, and the administration, on matters related to the program area. The CTE Advisory Committee includes representatives from agriculture, parks and recreation, technology, woodworking/milling, and plumbing.

Currently, the CTE/ROP courses that are approved to be offered to THS students include:

Wood 1, 2,3, 4

ROP Wood 2/Cabinetmaking

ROP Construction Manufacturing

Ag 2-3-4

ROP Farm Power

Intro to Ag Mechanics

ROP Ag Mechanics

Natural Resources - Forestry

ROP Fire Science

ROP Computer Applications

ROP Graphic Design

ROP Digital Video

Programming & Robotics

Multimedia Design/Yearbook

ROP Accounting

Entrepreneurial Manufacturing

Horticulture

College Connection classes

Dual Enrollment classes through Shasta College - welding, woodworking, computer applications, graphic design and Forestry.

Internships with local businesses

Several of the CTE/ROP courses have been approved for dual enrollment with Shasta College, and students successfully meeting established criteria could receive both high school credit and college credit for these courses. Career assessment activities are offered to every grade level.

Job shadowing and Internships opportunities are also available through THS.

In addition to the CTE/ROP classes offered on the THS campus, the students have an opportunity to participate in the Shasta-Trinity ROP regional program (STROP) located off campus. Classes include Medical, Automotive, Computing, Food Service, and Fire Science.

2022-23 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	230
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	21.7
Percent of CTE Courses that are Sequenced or Articulated Between the School and Institutions of Postsecondary Education	

Course Enrollment/Completion

This table displays the course enrollment/completion of University of California (UC) and/or California State University (CSU) admission requirements.

2021-22 Graduates Who Completed All Courses Required for UC/CSU Admission	29.69

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Trinity High School offers a wide variety of curricular and extra curricular activities which can provide parents many opportunities to become directly involved in school organizations and events. These include: Site Council, Classroom Volunteer, Coaching Assistant, Field Trip Chaperone including FBLA & FFA, Club Assistant, Phone Calls, Dance Chaperone, Sober Grad Chaperone, Tutoring, Booster Club Volunteer, Athletic Event Assistant, Approved District Driver. THS also has parent input from a variety of surveys for course offerings, safety plans, Senior Night, scholarship workshops, and fundraising.

The Site Council creates the Single Plan for Student Achievement (SPSA), as well as suggesting improvements, repairs and additions to the school grounds and buildings.

For more information on how to become involved, please call the High School Office at 530-623-6127

2023-24 School Safety Plan

Trinity High School has a safety plan where students are empowered to take responsibility for the safety and wellbeing of themselves and others. We strive to maintain a positive school climate through positive incentives and always look for restorative means rather than punitive. The faculty and students will continue to receive training on bullying, violence prevention, and tolerance training through such programs as "See Something Say Something". We continue to schedule drug, alcohol, and tobacco abuse prevention training, guest speakers, and assemblies for our students, conditions permitting. Most areas on our campus are well monitored by faculty and staff, and by a video surveillance system. Trinity High School will continue to examine current security measures and explore ways to improve them. We have a new campus supervisor who has been instrumental in maintaining positive school climate.

The School Safety Plan was last reviewed and discussed in Site Council in September & October 2023. This plan is currently being revised with input from community stakeholders, including law enforcement and other outside agencies. Key elements of the plan include safety drills, crisis intervention plans, and academic performance and environment.

Professional Development

Curriculum improvement and professional growth opportunities are highly valued by the school and district. Certificated and Classified teachers participate in various local and state workshops and conferences, though recently those have been online as opposed to in-person. The school and district also participate in Teacher Induction Program, thru Butte County to support our new teachers in becoming effective and dynamic educators.

Professional Development

2020-2024
Curriculum and Instruction/ LCAP/ CTSO training/ Benchmarks/ CTE Workshops/ School Safety and Discipline. Given the COVID situation, we have had and will continue to work on developing staff distance learning practices, including the use of Google Classroom, Google Meets, and Aeries. We are also providing professional development on Mental Health. We implemented a minimum day schedule for the first three days of school and have two staff work days during the school year to provide more time for focused professional development.

This table displays the number of school days dedicated to staff development and continuous improvement.
