Published January 2024

HERITAGE VALLEY INDEPENDENT STUDY

PRINCIPAL'S MESSAGE

It is recognized by the Fillmore Unified School District that not all children have the same needs when it comes to learning environments. Some students and families need the option of an independent studies program to best suit their individual situation. Heritage Valley Independent Studies provides a small, caring, and academically challenging program utilizing online platforms appropriate to each grade level span.

In 2021-2022 the school served TK-12th grade students, but the school transitioned to a 6-12 grade site beginning with the 2023-24 school year. The elementary students access learning online with their teacher daily and utilize the online platform Edgenuity. The HVIS enrollment expanded from 36 students to 126 students in the matter of a month. This increase allowed for three additional teachers to be hired to support the program. The middle school students utilized Apex Learning while the high school students use Cyber High. Students meet with their teacher one day a week. Once the student meets with their teacher for the week they know exactly which independent studies lessons to complete and which tests to prepare for that will occur during their next meeting with their teacher. Attendance is calculated based on the amount of assignments completed with accuracy and the grades are calculated by test scores.

DISTRICT & SCHOOL DESCRIPTION

Fillmore Unified School District

Fillmore Unified School District is located in the city of Fillmore which was founded over one hundred years ago and is currently home to almost 17,000 residents. It is set in the middle of citrus and avocado groves of inland Ventura County and was founded in 1888 and incorporated in 1914. The district is comprised of four elementary schools, one middle school, one independent study school, one comprehensive high school, and one alternative high school. In 2022-23, Fillmore Unified School District had a total enrollment of 3,811 students including 14% in special education, 23.6% English Learners, 1.2% migrant, 0.1% were identified as foster youth, 5.4% were identified as homeless, and 78.8% economically disadvantaged.

District Mission Statement

We develop high performing students who are engaged and productive members of society.

Heritage Valley Independent Study

Heritage Valley Independent Study serves students in grades six through twelve following a traditional calendar. At the beginning of the 2022-23 school year, 46 students were enrolled, including 10.9% in special education, 4.3% qualifying for English Language Learner support, and 87% qualifying for free or reduced price lunch.

School Mission Statement

The primary purpose of Heritage Valley Independent Study is to provide an exceptional education for students who require minimal support in an independent flexible school setting for a variety of reasons. Heritage Valley Independent Study provides students with the opportunity to work independently and allows them the time to handle outside factors that impede them from being successful in a comprehensive setting.

School Vision Statement

Heritage Valley Independent Study is committed to meeting every student on the path they are on and directing them toward being successful individuals both in academics and in society.

LOCAL CONTROL

ACCOUNTABILITY PLAN (LCAP)

As part of the Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP).

The SARC provides the following information relevant to the State priority: Basic (Priority 1)

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- School facilities are maintained in good repair

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4)

- Statewide assessments (i.e., California Assessment of Student Performance and Progress (CAASPP) System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS) for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical sequences or programs of student.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8)

- Pupil outcomes in the subject area of physical education

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3)

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5)

- High school dropout rates; and
- High school graduation rates

The SARC provides the following information relevant to the State priority: School Climate (Priority 6)

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

PARENT INVOLVEMENT

Parents are encouraged to get involved in their child's learning environment by assisting at school events, participating in a decision-making group, or attending school events. Parents stay informed on upcoming events and school activities through Q Parent Connection, school newsletters, the school website, the school marquee, flyers, postcards, social media, and ParentSquare automated phone/text/email messages. Contact the principal for more information on how to become involved in your child's learning environment.

STUDENT ACHIEVEMENT

Physical Fitness

In the spring of each year, Heritage Valley Independent Study is required by the state to administer a physical fitness test to all students in fifth, seventh, and ninth grades. The physical fitness test (PFT) for students in California schools is the FITNESSGRAM®. The main goal of the test is to help students in starting life-long habits of regular physical activity.

The FITNESSGRAM® has six parts, though California currently requires five parts be completed annually, that show a level of fitness that offer a degree of defense against diseases that come from inactivity. The test results can be used by students, teachers, and parents. Comparative District and state results can be found at the CDE's web site www.cde.ca.gov/ta/tg/pf/.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who receive scores.

California Assessment of Student Performance and Progress (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

SCHOOL FACILITIES & MAINTENANCE

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Heritage Valley Independent Study shares facilities with Sierra High School whose original facilities were built in 2010; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. A new classroom was created and a SMART Board was installed during the 2022-23 school year.

Facilities Maintenance

District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority.

Every morning before school begins, staff inspect facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One part-time afternoon custodian is assigned to Heritage Valley and is responsible for cleaning of the following:

- Restrooms
- Event Setup/Cleanup
- General Cleaning & Custodial Functions
- Classrooms
- Office Areas
- Library/Media/Multipurpose Room

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The principal communicates with the day custodian daily concerning maintenance and school safety issues.

Facilities Inspections

The district's maintenance department inspects Heritage Valley Independent Study on an annual basis in accordance with Education Code §17592.72(c)(1). Heritage Valley Independent Study uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on August 9, 2023. During the 2022-23 school year, all restrooms were fully functional and available for student use.

Campus Supervision

Heritage Valley is an independent study school and all students on site work one-on-one with a teacher or in a classroom with a teacher. When students are on campus, the Sierra High School campus supervisor monitors student activity.

To maintain a safe and secure environment, all parents and visitors are required to check in at the school office to obtain and wear a visitor's badge and then return to the office upon departure. Radios are used by school staff for emergency purposes.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Heritage Valley Independent Study in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, dress code policy, and bully prevention policy. The school's most recent school safety plan was reviewed, updated, and shared with school staff in January 2024.

Campus culture promotes a secure learning environment. All persons are to be treated with dignity and respect. The district, schools, students, parents/guardians and community have an obligation to promote mutual respect and safe, harmonious relations that support dignity and equality. Bullying and harassment are not tolerated. The school district has policies, procedures, and practices in place that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to address incidents of bullying and harassment when they occur. Students and their parents receive information annually regarding district policies concerning anti-bullying and harassment.

CLASSROOM ENVIRONMENT

Dropouts

Heritage Valley Independent Study's teachers and administrative staff practice the early identification of and intervention on behalf of students who exhibit warning signs and/or behavioral traits that may lead to dropping out of school. Intervention strategies used to promote attendance and reduce dropout rates include monitoring credit completion rates, parent conferences, counseling, tutoring, concurrent enrollment in Sierra High School, CyberHigh, APEX (thru Adult School), home visits, and referral to a continuation high school. Understanding that the needs of each student are different, administrators, counselors, and teaching staff continue their efforts to discover successful solutions to help students complete their high school program.

The following table includes information for the school site, district and State on dropouts and graduation rates. Detailed information about dropout rates and graduation rates can be found on the DataQuest web page at <http://dq.cde.ca.gov/dataquest/>.

Chronic Absenteeism

The chart in this report identifies the chronic absenteeism rates by student group for Heritage Valley Independent Study for the 2022-23 school year. A "chronic absentee" has been defined in EC Section 60901(c)(1) as "a pupil who is absent on 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays."

Discipline & Climate for Learning

Heritage Valley Independent Study's discipline policies are based upon Positive Behavior Intervention and Supports (PBIS), a multi-tiered approach to social, emotional and behavior support. This schoolwide positive behavior management plan is used as a guide to develop school rules, develop behavior management programs, promote responsibility, promote respect, and minimize classroom disruptions. Teachers clearly identify and explain behavior expectations to their students and discuss consequences for poor or disruptive behavior in the classroom. Family engagement opportunities are available to address social-emotional learning as a preventative measure.

Class Size

The Average Class Size and Class Size Distribution table in this report illustrates the distribution of class sizes by subject area, the average class size, and the number of classes that contain 1-22 students, 23-32 students, and 33 or more students. Calculations exclude classrooms of 50 or more students.

Note: The 2021-22 school year was the first year with elementary students; therefore, only two years of average class size data is being reported in the elementary class size chart.

CURRICULUM & INSTRUCTION

Instructional Materials

HVIS utilizes online curriculum platforms and FUSD adopted curriculum materials that are aligned to the California State Standards. The online curriculum platform utilized for elementary students is Edgenuity, middle school students utilize APEX, and high school students utilize CyberHigh. All adoption years in the textbook chart that show a "*" as the adoption year indicates that a specific year of adoption was not notated in the records and is unavailable to report at the time of the publication.

On October 3, 2023, the Fillmore Unified School District Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution #23-24-03 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English Learners, in the district to the extent that each pupil, including English Learners, has a standards-aligned textbook and/or instructional materials to use in class and to take home, which may include materials in a digital format but shall not include photocopied sheets from only a portion of a textbook or instructional materials copied to address a shortage, (2) that all students who are enrolled in the same course within the district have standards-aligned textbooks or instructional materials from the same adoption cycle, (3) sufficient textbooks and instructional materials were provided to each student, including English Learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/Language Arts, including the English Language Development component of an adopted program, 4) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and 5) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive.

In addition to core subject areas, districts are required to disclose in their SARC's the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2023-24 school year, Fillmore Unified School District provided each student, including English Learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

Staff Development

All curriculum and instructional improvement activities at Fillmore Unified School District are aligned to the California State Standards. Professional development concentrations are selected and identified based on district focus and California State Standards implementation.

During the 2021-22, 2022-23, and 2023-24 school years, Heritage Valley Independent Study's teaching staff participated in districtwide professional development training focused on:

The district supplements site-level professional development to follow up and support year-round and ongoing programs centered around reading, writing, and mathematics that is tied to either specific strategies to improve student learning or training focused on district-adopted curriculum materials. Supplemental professional development is offered throughout the school year on early student release days, after school, on designated professional development days, and during substitute release time. District staff work with school site administrators and teaching staff to provide support and training to ensure the successful implementation of the California Standards.

During the 2021-22, 2022-23, and 2023-24 school years, Heritage Valley Independent Study's teaching staff had the opportunity to participate in district offered supplemental professional development training focused on:

2021-22 Supplemental Professional Development

2023-24 Supplemental Professional Development

- New Teacher Academy Training
- ELA Curriculum Implementation
- History/Social Studies Curriculum Implementation

Supplemental site-based professional development and collaboration takes place throughout the year during release time, after school, and during staff meetings. Heritage Valley Independent Study's supplemental professional development activities were identified based on district initiatives and staff input to identify topics which were then discussed at staff meetings throughout the year. Teacher training and collaboration concentrations are identified through analysis of student performance data and observation of classroom practices.

During the 2022-23 school year, Heritage Valley Independent Study's site-based professional development focused on the following:

- Professional Learning Communities (PLC's)
- Restorative Justice
- Alternatives to Suspension
- Positive Learning Environment

Fillmore Unified School District and the Ventura County Superintendent of Schools jointly support new and veteran teachers in developing their teaching skills through the New Teacher Induction Program. The Teacher Induction program is a state-approved program that offers first and second year teachers comprehensive support and training for new teachers with a preliminary credential; after successful completion of the two-year induction training, teachers may apply for their clear teaching credential.

Staff members are encouraged to attend professional workshops and conferences. New teachers, experienced teachers, mentor/teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by the Ventura County Superintendent of Schools as well as the Fillmore Unified School District. Profession and subject specific offerings are consistent with the California State Standards. Classified support staff may receive job-related training through faculty meetings supported by district input and independent efforts; training activities and workshops are designed to enhance and extend job performance.

COLLEGE PREPARATIONS & CAREER READINESS

College Preparation Courses

Students are encouraged to take required courses if they plan on attending a four-year college or university. The following table illustrates the proportion of courses taken and successfully completed in relation to the number of course enrollments (sum of total enrollment in all classes).

Enrollment in and Completion of UC/CSU-Required Courses

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admission requirements please visit the University of California web site at www.universityofcalifornia.edu/admissions/general.html.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses, and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements, please visit the California State University web site at www.calstate.edu/admission/.

Advanced Placement

Heritage Valley Independent Study does not offer advanced placement courses.

Career Readiness

Students in grades nine through twelve receive counseling from school personnel regarding career paths and courses of study. HVIS students may attend Fillmore High School or ROP course.

Career Education Center (CEC) programs are offered in partnership with the Ventura County Office of Education and courses are available at Fillmore High School. Heritage Valley Independent Study does not offer on site CEC or career technical courses. For more information on career technical programs, CEC, workability, partnership academies, and work experience, contact the Sierra High School counselor or visit the state's career technical web site at <http://www.cde.ca.gov/ci/ct/>.

PROFESSIONAL STAFF

Counseling & Support Staff

Heritage Valley Independent Study provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Heritage Valley Independent Study's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Note: Heritage Valley Independent Study shares support staff with Sierra High School.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

DISTRICT EXPENDITURES

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2021-22 salary comparison data was the most recent data available at the time this report was published.)

Expenditures Per Student

For the 2021-22 school year, Fillmore Unified School District spent an average of \$17,507 of total general funds to educate each student (based on 2021-22 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding expenditures and salaries can be found at the CDE web site at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the following table reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

SARC DATA

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about Heritage Valley Independent Study and comparisons of the school to the district and the county. DataQuest is a dynamic system that provides reports for school accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first come, first served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation and the ability to print documents.

Disclosure

The statistical information disclosed in this report is obtained from the California Department of Education and the Fillmore Unified School District. At the time of publication, this report met all SARC-related state and federal requirements, using the most current data available. Data to prepare the instructional materials and the school facilities sections were acquired in October 2023.
