2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Campus Canyon is a magnet school in the Moorpark Unified School District, offering grades K-8 as well as a preschool and Transitional Kindergarten program. As a recognized School of Distinction, a Magnet School of America, School-Wide Enrichment and College Connections are our two magnet school themes. Campus Canyon received the Gold Ribbon award in 2016, the California Distinguished School Award in 2020, and the Federal Title 1 Academic Achievement Award. A federal award was given to Campus Canyon for demonstrating exceptional commitment to education and students as well as for producing continuous positive academic results.

At Campus Canyon Preparatory Academy, we utilize the School-wide Enrichment Model (SEM) in our classrooms in support of high levels of academic achievement, critical thinking, and problem-solving. Through the implementation of the enrichment model, developed at the University of Connecticut, we provide all students with meaningful, creative learning opportunities that allow them to develop their gifts, strengths, and talents within the core curriculum and accelerate their academic progress.

Mission Statement: At Campus Canyon College Preparatory Academy, we are dedicated to providing a school community that develops student confidence, responsibility, and creativity as students achieve high levels of individualized learning. We cultivate student talents and interests in a challenging, collaborative environment using 21st Century Skills and the School-wide Enrichment Model.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Campus Canyon School is a beautifully designed and maintained facility, completed in January 1989. Portable classrooms were added in 1997 to implement class size reduction of 24 students per class in grades K-3. Preschool and Transitional Kindergarten classrooms and a second parking area were added to accommodate continuing student and staff growth. Attached to the main building is a large covered patio area, which is enclosed on three sides. This serves as the student lunch area and is furnished with picnic tables. Our PTSA provided large windows on one side to provide visual access to the playground and to serve as a windbreak. Beyond the lunch, area is a large play area with a blacktop for handball, basketball, and tetherball courts, as well as a large playground equipment structure.

All classrooms are equipped with 21st-century technology resources including Promethean interactive boards, document visualizer units, individual student interactive response systems, and one-to-one device Chromebooks for each student. Each grade level in K-3 has an iPad cart for small-group use.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. Opportunities for parents to be active participants in their child's education include multicultural celebrations, volunteering in support of programs and activities such as leading a cluster in the School-wide Enrichment Program, individual classroom support, Latino Family Literacy Program, chaperoning field trips, participating in career presentations, Loteria' Night, family evening learning events, and our annual Read Across America week. Parents also serve on our School Site Council (SSC), and English Language Advisory Committee (ELAC), to provide valuable input and recommendations which help improve and strengthen our school community.

2023-24 School Safety Plan

Campus Canyon Preparatory Academy's Comprehensive Safety Plan was updated and presented to the School Site Council on October 23, 2023, approved on November 27, 2023, and approved by the MUSD Board of Education on December 12, 2023. The key components of the 2023-2024 Safety Plan include school safety, the social-emotional well-being of our students, and bridging the academic gap between our students. We have installed 5 cameras, to provide an additional safety measure, re-installed one entrance to our school, and are still working on improving our field area, to have a safe place for students to run. The entire Campus Canyon teachers and staff were trained on what to do if an active assailant was on campus. Other areas we will be focusing on are problem-solving skills and educating our school community on safety procedures, responses, and resources. Frequent Principal Coffee Chats and greeting all students and families each morning have created better communication between school and home. Parent Square Communication system is up and running and a very effective way to communicate with our Campus Canyon families, as well as frequent posts on Campus Canyon's Facebook platform.
