2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Mission Statement: CORE Charter School, in order to foster the educational pursuits of our TK-12 students in rural Northern California, utilizes the independent study/personalized learning approach: supporting development through choice of curriculum aligned with state standards, engaging parents along with students in learning, and offering classes at our centers and within the community, with the goal that students will demonstrate measurable academic growth in addition to the social skills necessary for their future success.

Vision: To provide unique educational opportunities nurturing far-reaching success for students.

Motto: Personalized Learning for Student Success!

CORE is a public Personalized Learning charter school, supporting families who home-school their children. A personalized educational program is designed for each student. Since CORE is a public charter school, there is no cost to attend our school.

Families are assigned to a credentialed teacher who provides constant direction for the parent/student/teacher team. This credentialed teacher assists the parent in the selection of curriculum from a vast array of state standards aligned texts, appropriate for each child's level in each subject area. The teacher then guides the parent throughout the year. Parents take the role of the primary educator of their own child. It is a challenging, exciting, and rewarding task.

The school also provides support classes and extra curricular activity clubs at our school. Elementary students may choose classes ranging from academic support to enrichment. Some classes encourage advanced students to explore ideas and events beyond the regular curriculum. High school students are also offered a number of academic support and enrichment classes. CTE, ROP, junior college concurrent enrollment, and community instruction are all attractive components of our high school program.

All students are given opportunities to extend learning through parents' own creativity and exploration. The program affords an enormous amount of freedom to attend places and events interesting and valuable to the student, including field trips, assemblies, and school events.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	28	31	28	31	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 Career Technical Education Programs

CORE Charter School offers Career Technical Education (CTE) programs for all students. CTE programs are typically 2-year course pathways, where students can gain knowledge and experience in a trending industry thereby making them marketable upon graduation. CORE offers 8 different CTE pathways including: Fashion Design & Merchandising, Computer Science, Aerial Mapping and Photogrammetry, Child Development, Digital Photography, Plant and Soil Science, Forestry and Natural Resources, and Teen Airplane Build. CORE received a Career Technical Education Incentive Grant (CTEIG) to support the quality and growth of the CTE programs. In addition, CORE partners with Tri-County ROP to provide additional CTE program offerings in the region. These include Welding, Nursing, and Culinary Arts. Dual Enrollment and Concurrent Enrollment programs are offered primarily through Yuba College. Overall, CORE ensures diverse CTE offerings for students through school programs or in coordination with TK-12 and higher education partnerships in the region.

2022-23 Career Technical Education (CTE) Participation

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

CORE Charter School seeks input from parents/guardians in the school's decision making processes through a variety of opportunities. For example currently 2 parents and 2 former parent serve on the school's governing board. These parents both represent and reflect the expectations of CORE's body of parents and guardians. Parents also participate by serving on the advisory charter council and attending Local Control Annual Plan (LCAP) public meetings. Our staff and parents work closely in collaboration with one another offering support in areas of expertise for student success.

We take pride in our "Open Door" philosophy, which encourages ideas and involvement. CORE strives to promote parent engagement in school programs and activities. For example our Parent Club strives to host a variety of events which contributes to our family oriented school culture. These events require both parent and student involvement in planning and operation, which the school fully supports by providing access to its calendar, website, resources, and staff oversight and attendance. Leadership regularly attends meetings to encourage engagement and offer suggestions. As a result this year parents 1) hosted a Parent 2 Parent workshop in which parents shared their experiences as parent educators, 2) offered availability as support mentors, 3) assumed roles with the school newsletter, door greet, supervision, new-family orientations, lobby and bulletin board décor, and fund raising events. As strong as this aspect already is, CORE has seen an increase in Parent involvement including the engagement of underrepresented families. New-to CORE parents recognize the value of joining to contribute to the family culture.

For further information, families are asked to contact their assigned Personalized Learning Teacher or the school's front desk at (530) 742-2786.

2023-24 School Safety Plan

The procedures that CORE Charter School follows to ensure the health and safety of pupils and staff are reflected in the adoption and implementation of a Comprehensive Safety Plan. The plan identifies appropriate strategies and programs that provide and maintain a high level of school safety and addresses the school's procedures for complying with existing laws related to school safety, including but not limited to the following:

- Employee Fingerprint/Background Check
- Child Abuse Reporting Procedures
- Emergency/Disaster Plans
- Suspension/Expulsion policies and procedures
- Procedures to notify teachers of dangerous pupils
- Discrimination and Harassment Policy
- Schoolwide Dress Code
- Procedures for safe ingress and egress of pupils, parents, and school employees to and from school site
- A safe and orderly environment conducive to learning at the school
- Safe Return to In-Person Instruction and Continuity of Service Plan: COVID 19 Safety Protocols and Response Plan

The Comprehensive School Safety Plan (CSSP) is reviewed and updated by March 1st of every year. The CSSP was last reviewed January 2024.

Professional Development

At CORE Charter, credentialed teachers are facilitators of learning, instructors proficient of diagnosing and assessing student progress, and continual learners themselves. We believe that on-going trainings help teachers stay focused and effective as educators. A regular staff development meeting calendar is created annually. Detailed, formal training begins for new teachers at the time of hire. New teachers receive full days of training as needed in the independent study/personalized learning approach and systems. All teachers attend two days of staff training in August, which includes professional development in curriculum and technology, safety policies, and changes to program in general. Analysis of testing data and setting school-wide and individual student goals occurs as the school year begins. Monthly staff trainings include curriculum and instruction support, department collaboration, individual student progress analysis, and development of student services.

In addition, at the beginning of each school year, teachers define the professional goals they wish to achieve. The school budget supports training for these individual choices encouraging staff members to attend workshops throughout the year to attain their goals. As the budget allows, teachers are encouraged to attend conferences including the APLUS fall conference in which teachers collaborate with constituents within the personalized model of education. This standard for professional development is based on the concept that what is good for the students – a wide variety of engaging learning opportunities, creating and solving real problems, using relevant experiences, and cooperating with others – is also beneficial for teachers as learners. Other opportunities for staff include Educating for Careers Conference, CSDC Leadership Update, and CCSA Annual Conference.

Furthermore, CORE received the Educator Effectiveness Block Grant (EEBG), which is a program that provides funds to county offices of education, school districts, charter schools, and state special schools to provide professional learning and to promote educator equity, quality, and effectiveness. As a condition of receiving funds for educator effectiveness, CORE developed and adopted a plan for expenditure of funds. CORE's plan includes Class Visit/Peer Observation Program, Credential and Certificate Incentive Program, Staff Workshop and Training Program, and Professional Learning Book Groups.

This table displays the number of school days dedicated to staff development and continuous improvement.
